Wine Tasting Classes at the Wine Museum of Paris

The Wine Museum of Paris offers wine tasting classes intended to guide amateurs through the beginnings of understanding wine. Our courses seek to provide our students with the ability to describe wines and recognize grape varieties.

The classes taught in English are usually introductions to wine tasting; although other classes, such as «tasting champagnes» are possible.

4 to 5 wines are tasted throughout the course of a class and comprise wine theory as well as practical wine tasting. Participants are strongly encouraged not to wear perfume or after-shave
